

# V-Globe – You! Being Digital

*In this world, it is new city new life or similar life or past life, anything is possible.....*

*In this world life is based on LBS, SNS, B2C&C2C, Game by 3D/VR/helmet, it is new media, change info show style.....*

# Dream is not far away

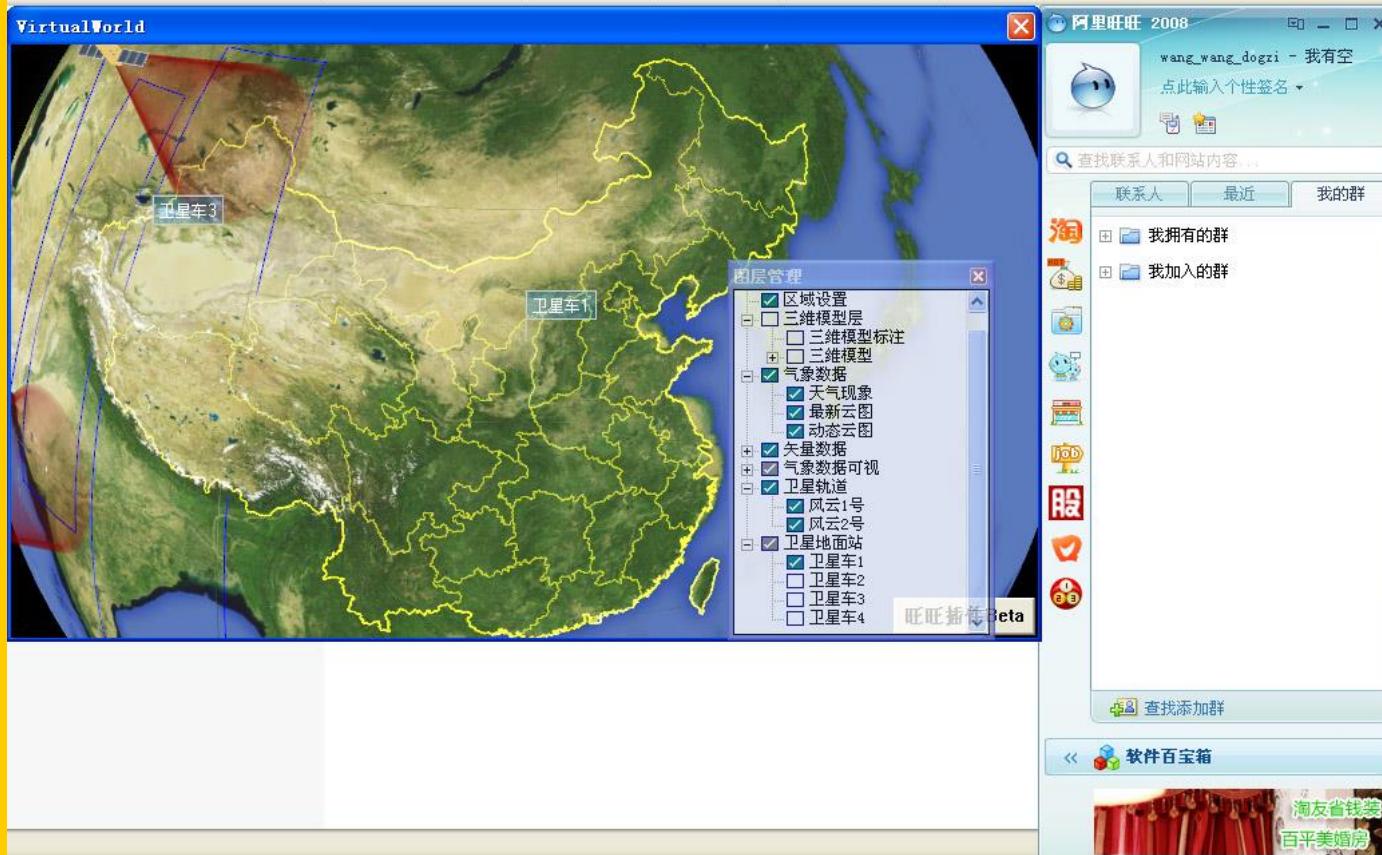

*In this world, you are not only yourself, you are the digital, you are the part of **V-Globe**, you can feel and watch the same time or the past world..., but yourself, is the digital or data.*

We have done something for  
V-Globe.

But everyone have no 3G,no Android, no AR  
etc. in 2009.

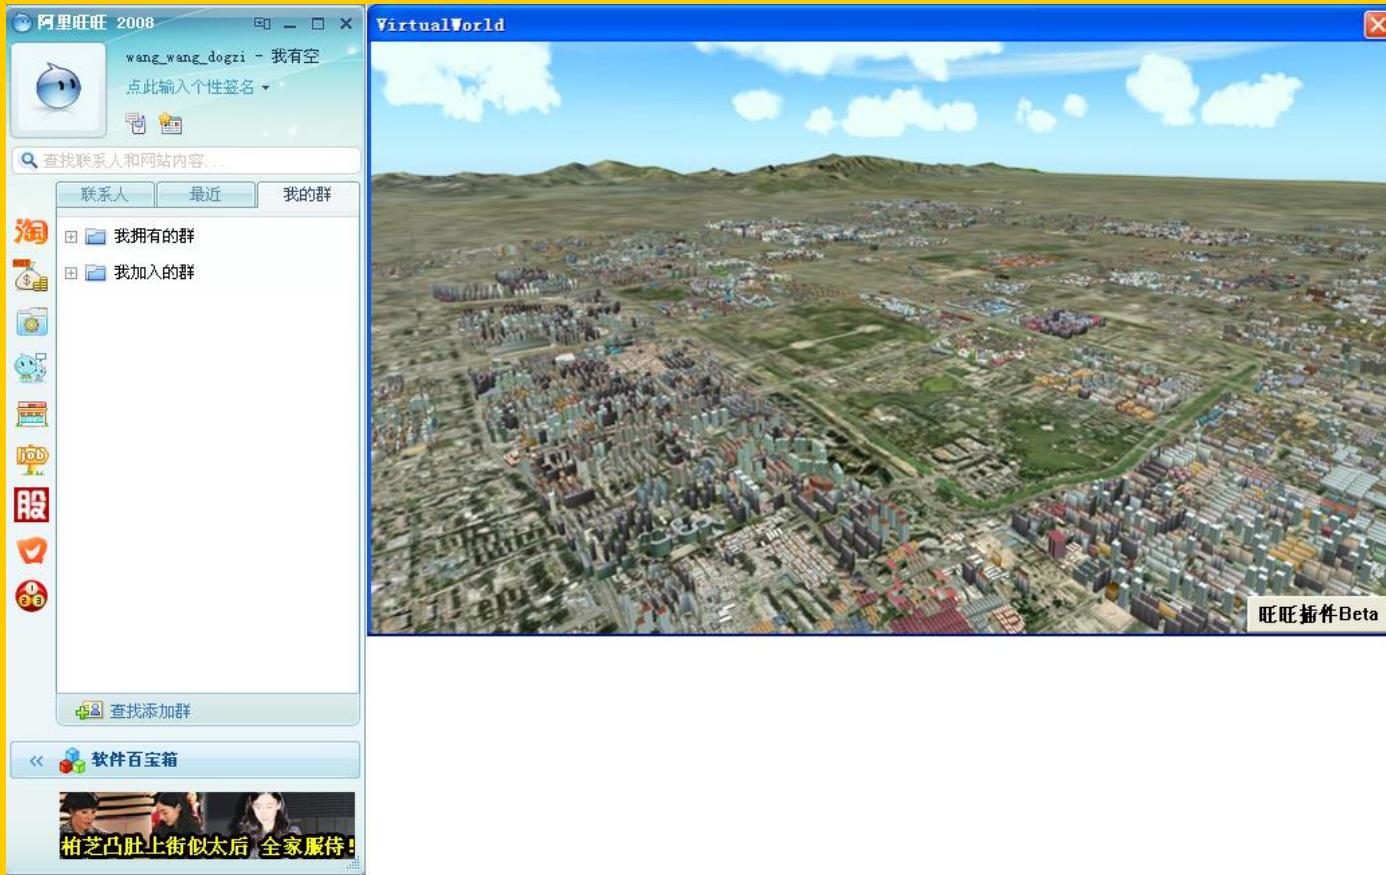

It was not for mobile internet era.

# Initialization

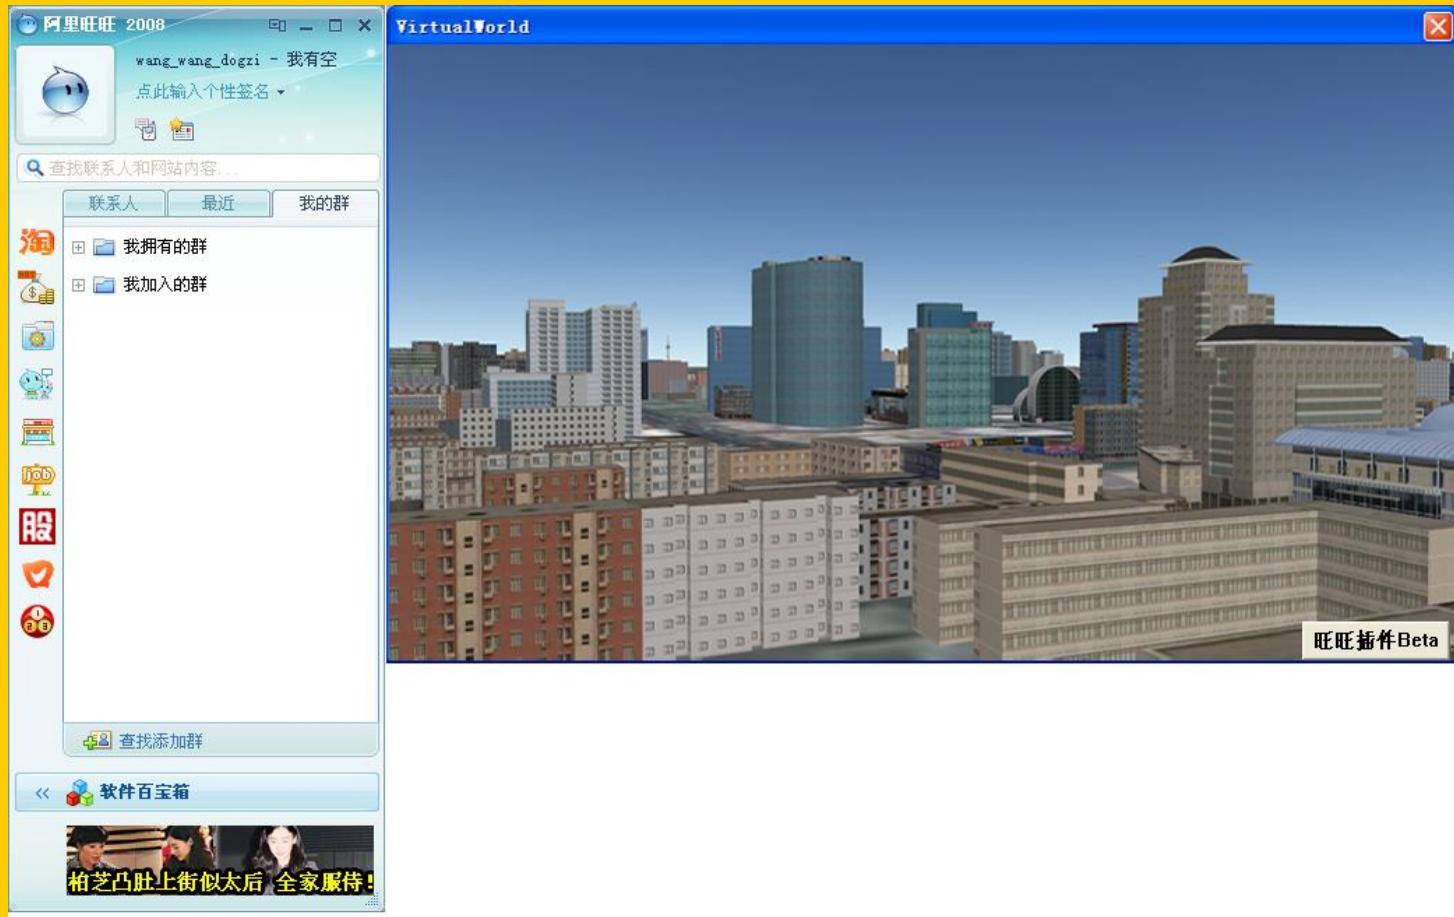

We have developed 3D world as google earth plugin ali\_wangwang

# Down to the City

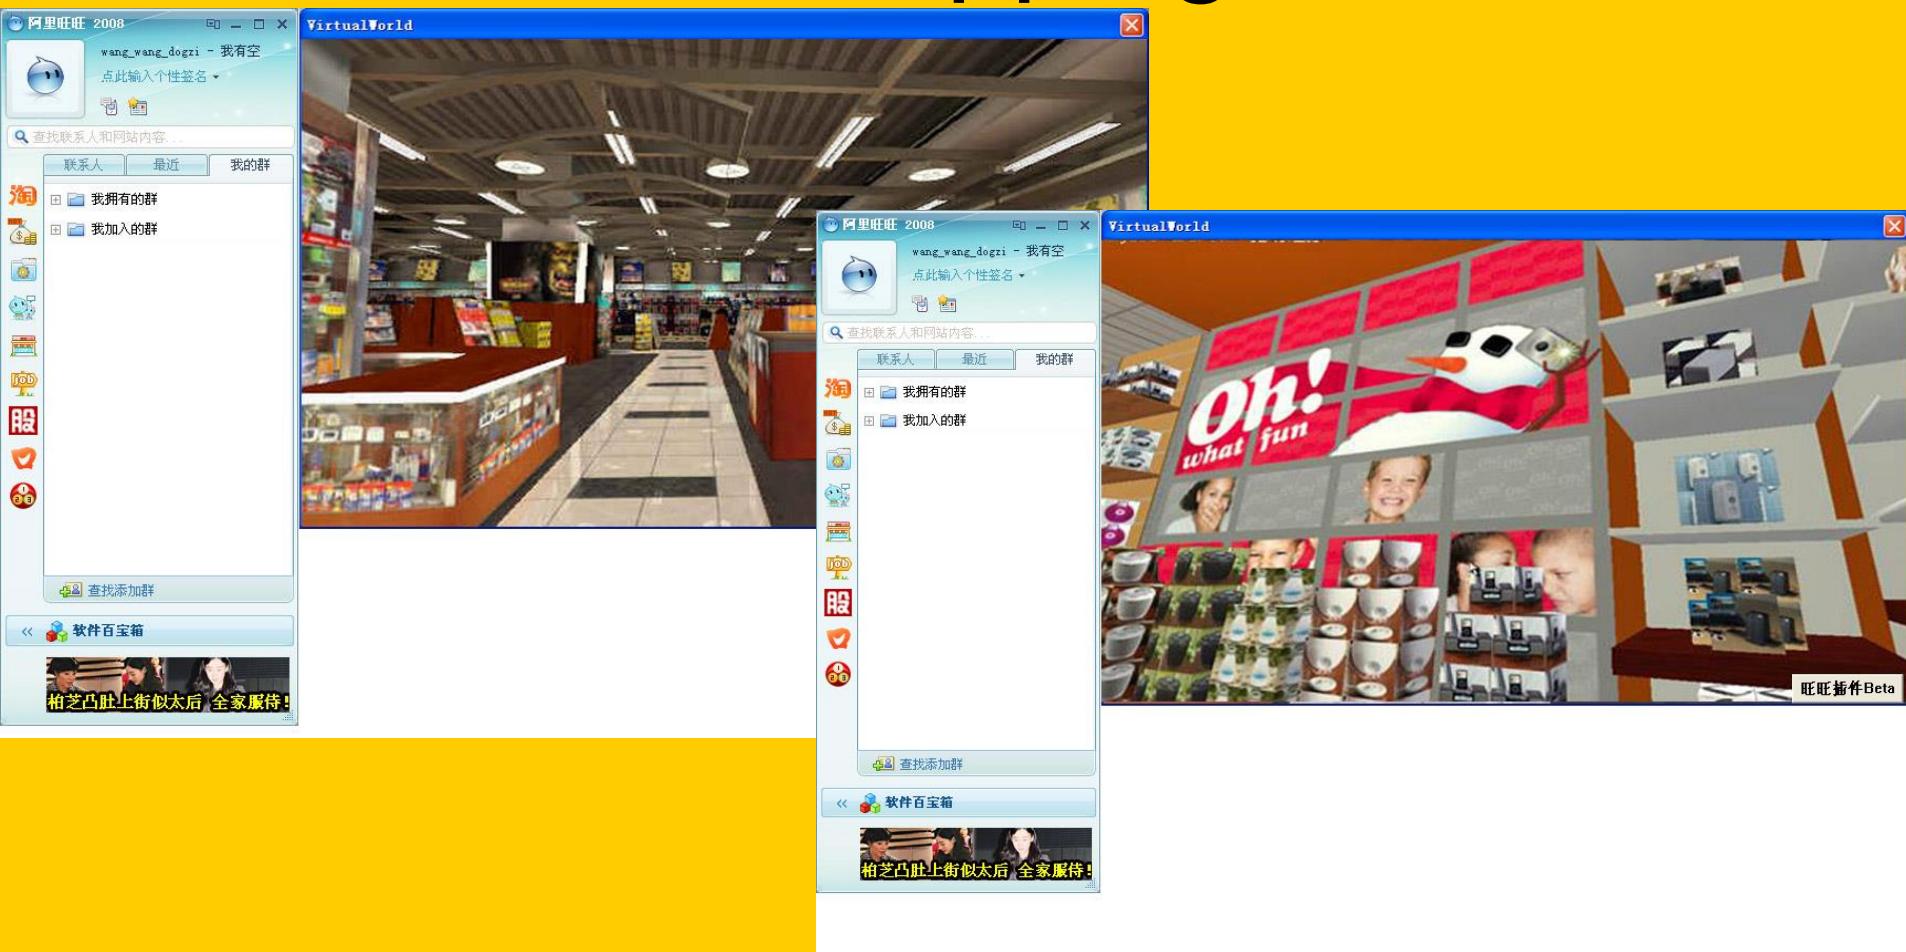

In this view, we will show the events, rss or other news, and Ads

# Zoom to Community

In this view, we will show the friend, community news, and AD  
I have made some building 3D model

# Go to shopping mall

In this view we will show shopper, Commodity, Discount info, opposite sex stranger and ads.

**V-Globe=Twins World**

**≈New Internet GateWay & Media**

# The Similar Project

No Geo Coordinates

# The Similar Project

*The Hottest Game Roblox(NYSE: RBLX 40B\$)  
it is only similar to unity3d and ue4 engine, no geo coordinates*

The image shows the Roblox Studio interface. On the left, there's a sidebar with various menu items like Games, Avatar Shop, Create, Robux, and a search bar. The main workspace on the right contains a large amount of Roblox Lua code. Overlaid on the workspace is a large, bold text "Studio" with a gear icon, followed by "Make Anything You Can Imagine" and "With our FREE and immersive creation engine". At the bottom center is a large "Start Creating" button. To the right of the workspace, there's a vertical sidebar titled "Filter workspace (C)" containing a list of asset types such as Model, Piso, Poste, Torii, Toro, Tree, and many others. A small banner for "METAVRSE CHAMPIONS" is visible at the bottom left.

# The Similar Project in BlockChain

The V-Globe same as Sandbox, but avator is not really, and no Geo

## Building games for the Metaverse

Anyone can build 3D games for free. No coding required. Contribute to a vast metaverse, filled with amazing creations and experiences.

# The Similar Project in BlockChain

The V-Globe same as Somniumspace, but without avatar and Geo

The screenshot shows the official website for Somniumspace (<https://somniumspace.com>). The top navigation bar includes links for Blockchain, Mechanics, Partners, Events, Explore Somnium Map, Marketplace, and Download Client. Social media icons for YouTube, Facebook, Instagram, Telegram, Twitter, and LinkedIn are also present. Below the navigation is a large image of a virtual environment featuring two avatars wearing "SOMNIUM SPACE" t-shirts, a modern building, and a landscape with mountains. Several promotional banners are overlaid on the scene:

- UnitySDK**: Shows a group of diverse avatars standing together.
- Virtual Reality**: Shows a VR headset icon over a landscape.
- Builder**: Shows a large, modern house.
- Marketplace**: Shows a grid of items for sale.
- TRADE CUBES**: Shows a green cube icon.
- SOMNIUM ECONOMY PAPER**: Shows a scroll icon with the text "Download".
- OpenSea**, **UNISWAP**, and **GEMINI**: Show their respective logos.

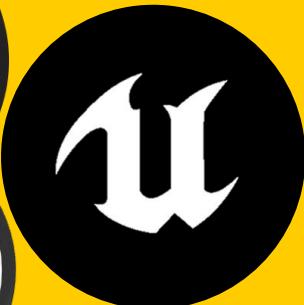

# Cryptocurrency in company become trend

1. Cloudfire develop gateway by ipfs and ethereum.
2. Norton360 can crypto mining and wallet.
3. Game GTA6 player paying by crypto reward.
4. TradingView have itself cryptocurrency.

# What is the UE4?

The screenshot shows the official website for the Unreal Engine. At the top, there's a yellow header bar with the text "What is the UE4?". Below it is a dark navigation bar with links for "UNREAL ENGINE", "NEWS", "ABOUT", "INDUSTRIES", "LEARNING & SUPPORT", "COMMUNITY", "MARKETPLACE", a search icon, a globe icon, "SIGN IN", and a "DOWNLOAD" button. The main content area features a large, semi-transparent background image of a modern interior room. Overlaid on this image is the Unreal Engine logo (a stylized white 'U' inside a circle) and the text "UNREAL ENGINE". Below the logo, the tagline "Design tomorrow, experience today" is displayed in large white letters, followed by the word "ARCHITECTURE" in a smaller font. A paragraph of text explains the platform's purpose: "Create the world of tomorrow and share the experience today with the world's most open and advanced real-time 3D creation platform. Unreal Engine's high-fidelity real-time environment lets you explore, validate, and present your designs like never before." Two buttons are visible: a white "LEARN MORE" button and a blue "GET STARTED" button. At the bottom of the page, a dark footer bar lists various industries and applications where the engine is used: Games, Architecture (which is highlighted with a blue border), Automotive & transportation, Broadcast & live events, Film & television, Training & simulation, and More uses.
